That Moment...

Every ballplayer remembers it – the time you got that uniform. Maybe it was your first, maybe it was the team you didn’t think you could make, maybe the uniform was just that dope. You couldn’t wait to put it on (post pics) get onto the court and rep your squad.

That’s the moment we live for…it’s our :00.3 (aka POINT 3) and it drives everything we do – from design and manufacturing to customer service and sales. To ensure every player and coach not only has that moment but many more...play after play, season after season.

INTRODUCING THE WORLD’S BEST BASKETBALL UNIFORMS
FEATURING DRYV® TECHNOLOGY

POINT 3 was born in 2010 based on a need – to keep our hands dry without leaving the court. This was the idea that launched the brand, but we quickly realized basketball apparel was not meeting the needs of ballplayers. So we decided to do something about it...

All POINT 3 garments are designed “fabric first”, using only the most durable, lightweight, high performance moisture wicking fabrics selected specifically for on-court use. And we’re the only basketball brand making uniforms with DRYV®, a patented technology that integrates an absorbent outer layer into a moisture wicking garment...like a towel built directly into your gear!
